- k) Each authorized tow service provider that is a legal entity formed by filing with the Kansas Secretary of State or any other state must be active and in good standing in the state of formation and, if a foreign entity, must be registered to do business in the State of Kansas.
- l) Each tow service provider entering into a Tow Service Provider Agreement and desiring to become an authorized tow service provider so as to be placed on the county tow rotation list must be separate and distinct from any other authorized tow service provider on the county tow rotation list, and cannot be affiliated with another authorized tow service provider having the effect of taking two slots on the county tow rotation list when, in fairness and reality, it should only take one slot. Evidence of separate and distinct tow operators includes, but is not limited to, separate certificate of public service from the Kansas Corporation Commission; separate insurance policies; separately owned equipment, such as trucks, dollies, etc.; separate offices or arm's length leases for share office space; separate storage facilities or arm's length leases for shared storage facilities; separate accounting records and income tax filings; financial independence, such that no authorized tow operator is dependent upon financing from another authorized tow service provider; and the ownership of each tow service provider, together with who benefits from operating profits and is burdened by operating losses, is substantially different. In the case of personnel, a stricter level of scrutiny will be used to determine if a tow operator is dependent upon

the personnel of another tow operator. To facilitate separation of operations within a sanctioned shared office space environment, clerical staff may be shared only in the event that separate phone numbers are maintained for each tow office and if written documentation exists representing the relationship between tow operators and shared personnel. In the event drivers or other non-clerical personnel are shared between tow operators, documentation evidencing the nature of the shared relationship may be requested. This documentation could be in the form of a contract or agreement and should include a description of the employee-employer relationship with details regarding how transitions from one tow operator employer to another transpire as well as how each company compensates the shared employee(s). Each tow operator desiring to become an authorized tow operator may be required to deliver to Douglas County such documentation as Douglas County reasonably requests to verify the independence of tow operators, including but not limited to motor vehicle titles and evidence of ownership of other equipment, lease agreements for use of office and storage space necessary to conduct towing operations, payroll information, and other documentation establishing that no tow operator is dependent upon the equipment or personnel of any other tow operator to provide its towing operations. Douglas County shall have the authority to suspend or revoke any Tow Service Provider Agreement if it determines that two or more authorized tow service providers are not separate and distinct from each other.

- m) The criteria and requirements set forth in this Subsection A through I of this Section shall not apply when the owner or operator of the vehicle to be towed requests services from a specific tow service provider and the vehicle is towed by that provider. (Res. HR 14-10-05, Sec. 1)

1-1508 COUNTY CONTRACT TOW ROTATION LIST. Based upon information provided by the County Administrator or his designee, the Emergency Communications Department shall maintain a list of authorized tow service providers to be used in providing rotation tow services for the County.

- a) When a tow is needed, the law enforcement officer will communicate the need for a tow to the dispatcher on duty. On receiving this communication, the dispatcher shall, as a general rule, call the next authorized tow service provider on the County contract tow rotation list to remove the vehicle and that authorized tow service provider shall then be moved to the bottom of the list. On each succeeding communication, the next tow service provider on the list is generally assigned. In the event an authorized tow service provider cannot be reached by the dispatcher or cannot provide the requested tow within the timeframe

required, that authorized tow service provider shall forfeit its turn, that authorized tow service provider shall be moved to the bottom of the list, and the dispatcher shall generally call the next succeeding authorized tow service provider on the list. If an authorized tow service provider at the top of the contract tow rotation list is dispatched and the dispatch does not result in a vehicle tow due to no fault of the authorized tow service provider, such authorized tow service provider shall be moved back to the top of the list. The dispatcher shall keep a continuous rotation of each authorized tow service provider on the master County contract tow rotation list.

- b) The County contract tow rotation list provided for in this Article may be used for tows that are initiated by law enforcement officers or other officials of other jurisdictions within the County if the governing body of that jurisdiction specifically requests the Emergency Communications Department to use such list for its tows, in which case, the provisions of this Article and the Tow Service Provider Contract shall apply to such tows.
- c) Placement on the County contract tow rotation list shall be by alphabetical order. In the event a new tow service provider becomes authorized, it shall be placed on the list in alphabetical order, regardless of its resulting place in the rotation.

The Sheriff's Office and other County officials shall not be obligated to use the County contract tow rotation list for any of the following:

- 1) special events where one or more tows may be necessary;
- 2) tows involving impounding of a vehicle for evidentiary or other criminal investigation or law enforcement purposes; or
- 3) tows involving County owned vehicles. Instead, the County may enter into an agreement with one or more tow service providers as needed for any such purposes. For purposes of this Section, special events shall include, but not be limited to, concerts, festivals, sobriety checkpoints, or any other similar event. (Res. HR 12-9-2, Sec. 1)

1-1509 **MAXIMUM FEES AND CHARGES.** No authorized tow service provider towing a vehicle pursuant to the County contract tow rotation list, and no any towing company towing a vehicle, without the prior consent or authorization of the owner or operator of the vehicle shall charge any towing, storage, or related fees in addition to or in excess of those provided for in Section 1-1513 of this Article, as amended. The County shall not be responsible for unpaid

towing charges for such contract tows except as agreed to in writing by a County official. (Res. HR 12-9-2, Sec. 1)

1-1510 SUSPENSION OR REVOCATION OF APPROVAL AND AUTHORIZATION;
GROUNDS.

- a) Suspension or Revocation. The County Administrator or his designee may order that the approval and authority of an authorized tow service provider be suspended or revoked. Any such suspension shall temporarily remove the tow service provider from the contract tow rotation list and may be effective a maximum of 60 calendar days after any noted deficiency is corrected, with the period of suspension to be determined by the County Administrator or his designee. Any such revocation shall permanently remove the tow service provider from the contract tow rotation list and shall terminate the Tow Service Provider Contract with the tow service provider. A revoked tow service provider may be reinstated after entering into a new Tow Service Provider Contract but only upon terms and conditions that lead the County Administrator or his designee to conclude that whatever problems or deficiencies had existed are permanently remedied. Such suspension or revocation may be based upon good cause, including but not limited to any one or more of the following:
- 1) The tow service provider obtained its authority as an authorized tow service provider by fraudulent conduct or false statements;
 - 2) The tow service provider has failed to comply with the provisions of this Article;
 - 3) The tow service provider violated the fee and charge schedule by overcharge;
 - 4) The tow service provider has consistently refused to respond to requests for services from the Emergency Communications Department or the Sheriff's Office or has consistently failed to answer telephone calls from them at the telephone number supplied by the tow service provider;
 - 5) The tow service provider has responded to the scene of an accident, emergency, or impoundment situation, when not specifically called to do so, and solicited wrecker or towing business; and
 - 6) The County is not satisfied with the general services of the owner and/or employees of the tow service provider or with the cooperation it has received from such tow service provider or other justifiable cause.

- b) Appeal: Such suspension or revocation shall be by written notice to the tow service provider and shall contain the reasons for the suspension or revocation. The tow service provider may appeal such decision to the Board of County Commissioners or its designee by filing notice with the County Administrator within 10 calendar days of the notice of suspension or revocation. The Board of County Commissioners or its designee shall have the power to reverse, alter, modify, uphold or increase any suspension or revocation.
- c) No Vested Rights: Nothing in this Article, the County's designation as an authorized tow service provider, the County's entering into a Tow Service Provider Contract with any tow service provider, or the County's utilization of any tow service provider for tows shall confer any vested property rights upon the tow service provider to continue as an authorized tow service provider, to remain on the County contract tow rotation list, or to tow any vehicle for the County. (Res. HR 12-9-2, Sec. 1)

1-1511 SOLICITATION PROHIBITED. No tow service provider or tow service provider's employee, driver or contractor shall stop, stand or park a tow truck at or near the scene of an accident or at or near a disabled vehicle within the unincorporated areas of the County for the purpose of soliciting an agreement for towing services, unless such tow service provider, employee, driver or contractor has been called to the scene by the Emergency Communications Department, the Sheriff's Office, another law enforcement agency, or by the owner or authorized representative of an involved vehicle. (Res. HR 12-9-2, Sec. 1)

1-1512 ACCESS TO PERSONAL PROPERTY. Any owner or authorized representative of a vehicle towed pursuant to this Article shall have access to personal property that is not affixed to such vehicle for up to 96 hours after such vehicle has been towed, and such personal property shall be released to said owner or authorized representative within one hour of the owner or authorized representative's request; except, however, if it is being held or seized as evidence. By becoming an authorized tow service provider and being placed on the County contract tow rotation list, each authorized tow service provider waives any possessory lien, to the extent it even has one, in any such personal property. The authorized tow service provider shall not charge any additional fee for retrieval of personal property during the hours and days specified in Section 1-1507 of this Article, as amended. For personal property released during other times, the authorized tow service provider may not assess a charge in excess of the maximum fee provided for in Section 1-1513 of this Article, as amended. (Res. HR 12-9-2, Sec. 1)

1-1513 MAXIMUM TOW, STORAGE, AND RELATED FEES.

- a) Charges for towing, storage and other related services in connection with any vehicle towed or impounded pursuant to the County contract tow rotation list or otherwise towed without the prior consent or authorization of the owner or operator of the vehicle shall not exceed the maximum fees and charges that the Board of County Commissioners adopts by resolution, as amended and in effect from time to time. These charges are the sole and exclusive charges that may be legally imposed for such towing, storage and other related services and it shall be unlawful to charge fees in addition to or in excess of such maximum fees and charges. All other charges not identified in this Article or by resolution are expressly prohibited, including, without limitation, fuel surcharges, gate fees or other similar unauthorized fees to retrieve vehicles or remove personal property.
- b) These fees include clean-up of all accident debris, including but not limited to the use of oil dry or a similar product to clean up any fluid spills.
- c) A tow service provider or other tow operator may charge a full day's storage fee for any portion of a day the vehicle is stored; provided, however, that no fee shall be charged if the owner or authorized representative retrieves the vehicle within the first 24 hours; provided further that no fee shall be charged for any additional day if a vehicle is stored for the additional day as a result of the tow service provider's or tow operator's failure to release the vehicle to the owner or authorized representative as required of authorized tow service providers in this Article. (Res. HR 12-9-2, Sec. 1)

1-1514 SEVERABILITY. If any provision of this Article or the application thereof to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this Article which can be given effect without the invalid provision or application, and to this end the provisions of this Article are severable. (Res. HR 12-9-2, Sec. 1)

1-1515 PENALTY.

- a) Anyone who directly or indirectly violates any provision of this Article shall be guilty of a misdemeanor fined not less than \$100 nor more than \$500, or by up to one month imprisonment in jail, or both such fine and imprisonment.
- b) Any penalty imposed by this provision shall be in addition to any other remedy at law or equity available to the County, including but not limited

to damages for any failure to comply with the provisions of a Tow
Service Provider Contract.(Res. HR 12-9-2, Sec. 1)
