

Did you know that **42% of Americans** are confused by their medical bills?*

Medical expenses can be overwhelming and confusing. If you get multiple bills from various providers, it can be hard to manage and track your medical expenses.

Simplicity® can help. When you activate Simplicity, you get a monthly statement with your obligations consolidated into one monthly payment! It's simple and convenient. Simplicity offers a financial safety net you can count on when you need it most. And, you can earn SimpleRewardsSM.

How does it work?

Simplicity

- Simplicity pays your portion of your medical expenses on your behalf
- You receive one consolidated monthly bill
- You may pay in full or take advantage of 12-months interest-free payments

Let's Look at the Payments

Imagine your total balance from your consolidated medical bills is \$1,200.

You could pay that \$1,200 all at once. Or you could spread that balance over 12 months, interest free. If you choose the monthly payment option, here's how you'd figure out your minimum monthly payments:

\$1,200	÷ 12	=	\$100
Total Balance	Divided by 12 months		Your minimum monthly payment
