Application No. _____

REQUEST AND AGREEMENT FOR DUST CONTROL
APPLICATION DEADLINE: 5:00 P.M, Friday, MARCH 12, 2021

DOUGLAS COUNTY PUBLIC WORKS 3755 E. 25th ST. LAWRENCE, KS 66046

Name: _____

Address:_____

City: _____ State: _____ Zip: _____ Telephone. No.: _____

Township: _____ Maintaining Agency: _____

Email:_____

Location to be Treated (if different than above): _____

_____

I hereby request Douglas County to arrange for application of a dust control to _____ feet of roadway adjacent to my residence at the above location. I agree to mark the location with flags provided by the county when notified to do so by Douglas County, and to maintain those flags for the life of the dust palliative to aid the maintaining agency in avoiding the area when blading. If you should mail in your application, please make arrangements to pick up the flags.

I/We understand that this is a user-fee program, and that Douglas County is only coordinating a service for county residents to make this product available as a convenience to aid in controlling nuisance dust on rock roads. Due to anticipated material price increases, this year's cost to participate is **$1.50 per linear foot** of roadway treated plus an administrative fee of **$60.00 per location**. **If an application is received after March 1, there will be an additional $15.00 late application fee in order to process this request to meet our project deadline. Absolutely no applications will be accepted after March 24, 2021. Applications will have a minimum of 100 linear feet.**

I/We understand there are many variable conditions influencing the effectiveness of this product. They include preparation of roadway, condition of roadway, weather conditions, traffic volume and maintenance of roadway, among others.

I/We understand that preparation of the roadway by the local government agency responsible for the road's maintenance is necessary for eligibility in the dust control program.

I/We understand there are no guarantees as to the effectiveness of this palliative and agree to hold Douglas County and the township harmless for failure of this product to control dust. **Neither refunds nor re-treatments will be made should the dust control fail to perform to your expectations**.

I/We understand and agree that the maintaining agency will attempt to prolong the life of the dust control by not blading the area routinely during the effective life of the treatment, **but that the agency reserves the right to blade the road or perform any other maintenance at any time it is determined necessary to provide a safe, serviceable public roadway. Neither refund nor re-treatment will be made for shortened dust palliative life resulting from required maintenance**.

I/We understand that the final cost of the dust control may fluctuate due to the number of applicants. If revenues from collected fees adequately exceed the cost of the initial treatment, a second dust control treatment will be applied. **No refunds will be issued**.
