Dear Douglas County Landowner -

Thank you for your interest in the Sensitive Crop Program. Douglas County offers the option to have your land marked as an herbicide-sensitive location, provided you meet the following criteria:

- The crop is grown for commercial purposes and represents a legitimate source of income for the grower.
- The crop – grapes, cotton or tomatoes – is known for its propensity to be economically damaged by herbicides that volatilize readily.
- If it is an organic crop, it must be produced under an organic certification program.

Herbicide-sensitive crops include vineyards, cotton, tomatoes, certified organic crops and greenhouse crops. Other crops may be included and will be reviewed on a case-by case basis.

If you would like your property to be considered please fill out the following "Memorandum for Record" and return it to:

Douglas County Noxious Weed Dept.
Attn: Alan Hollinger

If you have any questions please call Alan Hollinger at 785-331-1331.

Sincerely,

Doug Stephens
