Variance *Application Packet*

A variance allows a property owner to legally deviate from specific terms of the Zoning Regulations which will not be contrary to the public interest, and where, due to special conditions, a literal enforcement of the provisions of these regulations, in an individual case, results in unnecessary hardship, provided that the spirit of these regulations shall be observed, public safety and welfare secured, and substantial justice done. Such variance shall not permit any use not allowed by the Zoning Regulations in a district. The Board of Zoning Appeals (“BZA”) considers a request for a variance at a public hearing, and approves or denies the request after applying factual evidence to specific standards.

The Application Packet must be submitted with **all required materials listed on the Application Check List on page 2** to be deemed complete. County Administration cannot submit an application to the BZA for consideration until **all** requirements have been met. All materials will be presented as evidence at the public hearing and must be kept as part of the public record and will not be returned to the applicant. County Administration recommend applicants request a pre-application meeting prior to submitting their variance request.

Notification Requirements

The County must notify all property owners within a ½ mile radius (2,640 feet) of the property where a variance request has been proposed. This notification allows individuals the opportunity to learn about the request and present any comments to the BZA at the public hearing.

Application Check List

A complete Application Packet for a variance consists of the following
(Check that each item is submitted):

Basic Information:

Information Form;

Adjoining Property Owner Support Statement (This form is optional, see the form for more guidance).

All property owners must be listed in Section II. Property Information and all property owners must sign the application.

Legal Description or copy of Deed: Provide a complete and correct legal description of the property for which the Variance is requested. The legal description must be **typewritten**, readable and reproducible.

Fees:

The application fee is \$100. The check should be payable to the Douglas County.

Site Plan and Professional Drawings: The applicant shall submit a Site Plan and Architectural Elevations (*where applicable*). These plans shall be accurately drawn to scale that shows the Variance being sought. The final Site Plan shall be one set of 8½ by 11 inch (or larger), readable and reproducible, reductions of all drawings. A Site Plan checklist can be found on page 7 to assist in creating the required Site Plans.

Photos and Exhibits (where applicable): Photographs and other exhibits may be submitted at the time of the application to further support the request.

A copy of any visual materials (power point presentations, photos, etc.) or handouts presented at the public hearing that are not submitted with the application materials shall be given to County Administration at the public hearing to be a part of the meeting record.

Building permit or sign permit application (where applicable): If the requested Variance(s) would require a building or sign permit upon approval by the Board of Zoning Appeals, a completed permit application must be submitted with the BZA application (see attached).
